**SOLAR PATHWAY LIGHTING**

**2250L | 5000°K | SOLAR**  
**-40°C Operating Temperature**

Powered by:  
**ZeroSUN™**  
Solar Controller

ZeroSUN™ is a ground breaking solar controller technology from Upplands Energy Systems that transfers power from solar panels to the batteries and uses that power with the highest degree of efficiency. ZeroSUN™ ensures that your system operates every night, without the dependency on continuous presence of sunlight.

ZeroSUN™ smart technology has zero dependency on continuous sunlight... No more worries about cloudy, wet, rainy days affecting your solar system.

ZeroSUN™ iCloud GPRS wireless control system provides unparalleled monitoring and systems management in real time, around the clock. The iCloud GPRS control system is secure, safe, easy to use and reduces costs associated with installation and maintenance.

## Decorative Post Top Luminaire

The DECO 15 is the latest addition to the DECO SERIES Post Top Luminaire collection from Upplands Energy Inc. The DECO 15 solar pathway lighting fixture with an architecturally pleasing curved solar panel is beautifully designed to enhance any commercial or residential landscaped setting. Low temperature rated lithium ion batteries combined with our ZeroSUN™ Control Technology delivers a bright 2250 Lumens from dusk to dawn. Designed in Canada for Canada with an operating temperature from -40°C to 55°C.
